

CHAPTER 6 – SPECIAL REQUIREMENTS

601 Director's Authority with Regard to Special Requirements

A. The Director may enact specific rules for the enforcement of all the requirements of this chapter.

602 Special Requirements for Airport Taxicabs.

A. Airport Taxicabs shall be no older than ten (10) model years while in service.

B. No Airport Taxicab shall be entered into service older than ten (10) model years.

Chapter 6 Director's Rules

New Director Rule, Chapter 6, Section 602: The Director will initiate a pilot program for calendar year 2020. In this program vehicles that are eleven (11) model years old will be permitted under the following conditions.

- 1) A CCN holder will make an application for license renewal in compliance with all code provisions.
- 2) Additionally, any vehicle older than ten (10) model years will undergo two (2) inspections per year at CCN holder expense. Those inspections will be performed in the spring and fall by appointment.
- 3) The Director will review and inspect all vehicles older than 10 model years for code compliance and aesthetic conformity.
- 4) The Director may remove any vehicle older than ten (10) model years for appearance, code compliance and for aesthetic conformity. The Director's decision is final.
- 5) The pilot program will expire December 31, 2020 at which time all code provisions shall be enforced.

603 Special Requirements for On-Call Taxicabs.

A. On-call taxicabs shall be no older than ten (10) model years while in service.

New Director Rule, Chapter 6, Section 603A:

The Director will initiate a pilot program for calendar year 2020. In this program vehicles that are eleven (11) model years old will be permitted under the following conditions.

- 1) A CCN holder will make an application for license renewal in compliance with all code provisions.
- 2) Additionally, any vehicle older than ten (10) model years will undergo two (2) inspections per year at CCN holder expense. Those inspections will be performed in the spring and fall by appointment.
- 3) The Director will review and inspect all vehicles older than 10 model years for code compliance and aesthetic conformity.
- 4) The Director may remove any vehicle older than ten (10) model years for appearance, code compliance and for aesthetic conformity. The Director's decision is final.
- 5) The pilot program will expire December 31, 2020 at which time all code provisions shall be enforced.
